

## NC692XA Security Camera

The NC692XA is a powerful surveillance solution designed for comprenensive monitoring in various environments. This MVI network PTZ camera features a 25 koptical zoom lens, allowing you to capture clear and detailed images from a distance. With superior low-light performance, ensuring high-quality video even in challenging lighting conditions. The camera's built-in IR illuminators provide up to 100 meters of night vision, enhancing visibility in complete darkness.

Equipped with intelligent video analytics, the NC692XA supports functions like intrusion detection, line crossing, and auto-tracking, making it ideal for proactive security measures. Its robust IP66 and IK10-rated design ensures durability, protecting it against harsh weather and vandalism. The camera also supports multiple video formats, including H.2654 for efficient bandwidth usage and storage savings. Offering 360° panning functionality, it provides fiexible viewing angles for versatile surveillance coverage.

## **Specifications**
