IVSEC Pendant Mount

Product Overview

The iVSEC IV2446X Pendant Mount Bracket is an essential accessory for securing cameras in a variety of surveillance environments. This robust and versatile mounting solution is designed for easy installation on ceilings, providing a secure base for iVSEC range of multi-lens cameras (NC540ADX & NC542ADX). It offers flexibility in camera positioning, allowing users to adjust the position and orientation to capture the best possible footage.

This pendant mount is particularly ideal for locations such as warehouses and retail stores, where overhead surveillance is crucial for monitoring large areas. The bracket can also be used in office spaces, airports, or industrial settings, ensuring that cameras are mounted safely out of reach while maintaining optimal viewing angles.

The iVSEC IV2446X design features a sturdy, weather-resistant construction, making it suitable for both indoor and outdoor installations. Its sleek, unobtrusive profile ensures that the camera setup remains discreet while providing high-quality surveillance coverage. With its versatile use cases and durable build, the iVSEC IV2446X Pendant Mount Bracket is a reliable solution for enhancing your security system and achieving comprehensive coverage in a variety of environments.
